3A/903, Whispering
Palms, Lokhandwala
Township, Kandivali
East, Mumbai 400101

Profile

I'm fascinated by the human brain. Artificial Neural Networks, Neurobiology, and Computational Neuroscience are my areas of interest. I want to help solve intelligence.

I love listening to music, and playing football and table tennis.

Experience

Volunteering Intern, Kites Egypt; Giza, Egypt — Dec 2016 - Jan 2017

Kites Egypt is an event planning startup in Egypt. I volunteered as a software intern to make the website and template for digital marketing.
